SCHOOL'S TESTIMONIALS

'We had the pleasure of working with H2 Productions this year for our first school production since the pandemic. Their support and expertise were invaluable, and really helped to elevate our show. The most pleasing feedback we received from audience members was that it felt less like a school production and more like a professional show - there is no doubt that the support of H2 Productions helped us to get there. Thank you!'

- Ruth Sanders, Drama Teacher and Head of Performing Arts, Dubai British School JP

I recently had the pleasure of working with H2 Productions for their outstanding set design service, and I must say, they surpassed all my expectations. From start to finish, their professionalism, timeliness, and profound understanding of theatre and stage craft were evident in every aspect of their work. All members of the team went above and beyond to ensure we had the set we needed for our production. Would definitely recommend and I look forward to working with them again in the future.
